TO WHOM IT MAY CONCERN

Re: Testimonial Letter

This letter is to serve as a testimonial to the quality of work and satisfaction of the product completed by Calvac Paving Company. Over the past several years I have worked with Calvac and their staff to acquire bids and complete jobs that I asked them bid on. I have delt with the head estimator, Tom McDonald, and met with their president, Jim Adam, on all concerns I had. The company is very much customer oriented and willing to work with their clients. I continue to work with Calvac on annual basis. I do receive other company bids, but Calvac has been the company to win the bidding. I would recommend Calvac to any property owner or management company that need a job well done and on time.

Regards,

Timothy F. Downey, SCSM  
General Manager
